1. Introduction

This policy is based on DfE guidance “**Preventing and Tackling Bullying. Advice for Head Teachers, staff and governing bodies* July 2017**”

<https://www.gov.uk/government/publications/preventing-and-tackling-bullying>

Bullying, especially if left unaddressed, can have a devastating effect on individuals. It can be a barrier to children’s learning and have serious consequences for their mental health. Bullying which takes place at school does not only affects an individual during childhood but can have a lasting effect on their lives well into adulthood.

By effectively preventing and tackling bullying, the school can help to create safe, disciplined environment where children are able to learn and fulfil their potential. This policy has therefore been produced to help the school take action to prevent and respond to bullying as part of our overall behaviour policy. It outlines, in one place, the Government’s approach to bullying, legal obligations and the powers the school have, to tackle bullying, and the principles which underpin the most effective anti-bullying strategies in school. It also lists further resources through which school staff can access specialist information on the specific issues that they face.

Objectives of this policy

This policy sets our shared vision and intention to prevent and address bullying at Coton-in-the-Elms Church of England Primary School. We are committed to developing an anti-bullying culture whereby no bullying, including between adults or adults and children will be tolerated. At the heart of this policy is a commitment to safeguard children.

Our School community:

- Discusses, monitors and reviews our anti-bullying policy and practice on a regular basis.
- Supports all staff to promote positive relationships to prevent bullying and will intervene by identifying and tackling bullying behaviour appropriately and promptly.
- Ensures that children are aware that all bullying concerns will be dealt with sensitively and effectively; that children feel safe to learn; and that children abide by the anti-bullying policy.
- Will report back to parents/carers regarding their concerns on bullying and deal promptly with complaints. Parents/carers in turn, work with the school to uphold the anti-bullying policy.
- Seeks to learn from good anti-bullying practice elsewhere and utilises support from the Local Authority and other relevant organisations when appropriate. This school is seeking to achieve the Charter Mark for anti-bullying.
- All Governors, teaching staff and volunteers, children and parents/carers should have an understanding of what bullying is and how to report it.
- As a school we take bullying very seriously. Children and parents/carers should be assured that they will be supported if bullying is reported.
- Bullying will not be tolerated.

2. Definition of bullying

The school accepts the Government's definition of bullying as:

“Behaviour by an individual or group, usually repeated over time, that intentionally hurts another individual or group either physically or emotionally and involves an imbalance of power” (DfE “Preventing and Tackling Bullying”) July 2017

Bullying can include: name calling, taunting, mocking, making offensive comments; kicking; hitting; taking belongings; producing offensive graffiti; gossiping; excluding people from groups and spreading hurtful and untruthful rumours. This includes the same inappropriate and harmful behaviours expressed via digital devices (cyberbullying) such as the sending of inappropriate messages by phone, text, Instant Messenger, through websites and social media sites and apps, and sending offensive or degrading images by mobile phone or via the internet.

Bullying will be dealt with quickly and fairly. Children can report to **any** member of staff. The member of staff should respond to the situation and then inform the relevant class teacher as soon as practicable to do so. In the absence of the class teacher the Head Teacher should be informed immediately.

A record of the incident will be made. Details will be logged in the child's file with the perpetrator being separated from the victim(s). Contact will be made with the parents/carers of both victim and perpetrator if necessary.

When responding to cyberbullying concerns the school will take all available steps to identify the bully, including looking at the school systems, identifying and interviewing possible witnesses, and contacting the service provider and the Police if necessary. The Police will need to be involved to enable the service provider to look into the data of another user.
