

MATHS

Convert some metric measurements into imperial measurements e.g. kg into pounds, km into miles

Research some distances eg the area of the largest state in the USA, the area of the largest lake in Canada, the distance from the UK to New York, the distance across the USA etc.

ENGLISH

Read a range of Native American stories

Write a piece description about contrasting locations within North America, e.g. the Grand Canyon, the Rockies, the Everglades

Research about the moon landings and write a diary entry imagining that you were back in 1969 and were part of the Apollo 11 team and had just landed on the moon for the first time

HISTORY

Create a timeline showing the events of Early American Settlers including, Christopher Columbus, Pocahontas, John Smith, the Mayflower.

Research the history, location and beliefs of some Indigenous tribes of North America.

Write a biography of a famous American person in history

ART AND DT

Research the life of artist Helen Frankenthaler.

Use their style and influence to create an abstract painting of an American landscape.

Research Thanksgiving dinner recipes and using similar ingredients draw a picture of what your finished bake will look of and copy down the recipe as instructions for a pumpkin pie, or cornbread. Once you have finished your bake take a picture and compare to your original design (shape, size, decoration, colour)

Morpurgos— Spring Term 2022

Great American Road Trip

MUSIC

Learn the words and tune of the National Anthem of America

Research the life of a famous American musician

Research the beginnings of Country and Western or Rock and Roll—listen to some pieces of music and compare the different styles.

SCIENCE

Use Google Earth to view the United states of America and name physical features that can be seen from the air (i.e. mountains, rivers).

Using playdough or fruit and vegetables of different sizes recreate the planets in our solar system. Research the distance apart and relative size to make the scale as realistic as possible.

GEOGRAPHY

Locate the countries within the continent of North America

Research the different climatic conditions within the continent

Name and locate the states of the USA on a map

List ten industries within the USA

Name at least three rivers and two deserts within North America

PE

Choreograph a line dance

Watch and practise some cheerleading

Research the sport of American Football and find at least 10 NFL Teams—can you find out where they come from on map of the USA?
